BOARD & BATTEN

VINYL SIDING

RUSTIC CHARM

Unique Vertical Design

When it comes to your home's exterior, you want a distinctive look that reflects your personal style. Vytec's Board & Batten delivers with rich, rustic charm and a unique vertical design that will set your home apart from the rest.

*Expressions® Colors – Express Yourself with Bold Color!

This rich, bold palette of deep colors that give your home a striking new look.

Tips for choosing siding colors

- Light colors to make your home look larger.
- Darker colors for a more dramatic exterior look.
- Lighter wall color with a darker accent color to call attention to details like dormers.
- Choose a siding that complements your roof color.

Colors throughout this brochure are simulated. Consult product samples before final selection.

THE ANATOMY OF BOARD & BATTEN SIDING

Reliable Performance and a Lifetime of Great Looks

Innovative locking system
holds panels in place.

1/2" Panel projection creates enhanced shadow lines with the look of real wood.

.052" thickness offers lasting toughness, while precise dimensional consistency ensures a snug fit and tight laps.

7" Profile

Cedar Grain finish
resembles the natural look of real wood

Vytec Board & Batten profile:

Single 7" Panel

Suitable for whole-house application or in combination with horizontal siding.

7" vertical panels
have the rugged-looking square-edged overlap.

Vytec Board & Batten Siding Specifications:

Certificate of Conformance

This certificate of conformance is provided to assist the architect or specifier of Board & Batten siding. This siding is intended solely for the sidewall applications for new construction exteriors, remodeling projects or as replacement siding for existing structures, including residential and light commercial applications.

Product Specifications

All products meet or exceed the Standard Specification for Rigid PVC Siding (ASTM D-3679) and its referenced documents. An independent laboratory, through unannounced inspections of all manufacturing facilities, verifies the conformance to this specification. ASTM D-3679 is the specification used by building code authorities. Where not defined in ASTM D-3679, our products also meet the stringent quality control standards of Vytec.

Product Test Data

Max. Sustained Windload Test Pressure: up to 60.0 PSF
Standard Windload Design Pressure Rating: up to 73.3 PSF
Basic wind speed: 175 MPH*

Fire Resistance

Vytec vinyl siding, soffit and accessories have a Class A flame-spread classification per 2021 International Building Code, when tested in accordance with ASTM E-84.

Relevant Codes and Regulations Compliance

Conforms to ASTM Specification D-3679
2021 International Building Code (IBC)
ICC Evaluation Service Report ESR-1066

Color: Uniformity is spectrophotometrically controlled

Gloss: Uniformity is controlled with 75° glossmeter

Lock: Optically measured and controlled

*The MPH wind speed reported above is calculated using the VSI Windspeed Calculation Guidelines. It is an estimate of wind speed resistance given one uniform set of assumptions. Please note that vinyl siding is a decorative covering that is not intended to provide structural reinforcement to a wall. The wind resistance of a wall system may be less than the maximum wind speed rating for a siding product and will not be increased as a result of vinyl siding.

COMPLETE THE PICTURE WITH FINISHING ELEMENTS™

Accessories like corner posts and soffit are essential to any vinyl siding installation. But adding elements like Shingles, Beaded Porch Panel and Board & Batten can take your home's exterior design up a notch.

Shingles are panels with the look of hand-cut cedar

Beaded Porch Panel provides an authentic look to porch soffit

Vented or Solid Soffits can improve energy efficiency or add an attractive finishing touch

Accessories complement any vinyl siding installation

THE PROS TRUST VYTEC

When it comes to the products they sell, your contractors make their choices as carefully as you would. That's why they choose vinyl siding from Vytec. We stand behind the products we make. Continued advancements make us a manufacturer you can rely on for innovative, high performing products. It's this dedication to our craft that makes Vytec a partner your contractor can trust – and one you can trust, too.
